## **EQUAL EDUCATION AND EMPLOYMENT OPPORTUNITY STATEMENT**

It is the policy of the Marion County Board of Education that no person in the school system shall, on the basis of race, color, creed, religion, sex, age, national origin, or disability be denied employment, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any program or activity as identified and defined by Section 504 of The Rehabilitation Act of 1973 (P.L. 93-112) and The Americans with Disabilities Act of 1990.

### **CHILD FIND**

- (a) Each local education agency shall implement procedures which ensure that all persons between the ages of birth to twenty-one (21), who may be in need of special education and related services are identified. Child Find procedures include identification, location and evaluation, including a practical method of determining which children are currently receiving needed special education and related services and which children are not currently receiving needed special education and related services.
- (b) Local education agencies are only responsible for implementing the Individuals with Disabilities Education Act (IDEA) regulations as they relate to evaluation of students.
- (c) The local education agency must begin with multidisciplinary evaluation process for any child thirty (30) months of age who has been referred for IDEA special education services or who is suspected of needing IDEA special education services. The process must begin when the child is thirty (30) months old in order to ensure that if the child is eligible for services, those services will be provided as indicated on the IEP on his/her third birthday.

### **SCHOOL OPENING AND CLOSING TIMES**

School starting and closing times are different at each school as local conditions require. School personnel will not assume responsibility for such students more than fifteen (15) minutes before the time set for opening classes / homeroom each morning and fifteen (15) minutes after the time set for closing the normal school day's classes. In all cases, responsibility shall be accepted and supervision provided for students who arrive at school via School System buses.

### **EMERGENCY SCHOOL CLOSINGS**

In the event of a school closing for any reason, the Marion County School System's Central Office will notify the media to broadcast or televise details of the situation. Please **DO NOT CALL** the Central Office, individual schools, radio, or television stations. Necessary details will be broadcast or televised as information is available.

### **SCHOOL VISITORS**

#### **Student Visitors**

Students enrolled in the schools of the School System are not permitted to bring student visitors to school during regular school hours without prior approval by the principal.

#### **Students Being Checked Out of School**

All parents or guardians or other authorized persons coming to school to check a student out of school must do so through the principal's office via the school's approved check-out plan. Such persons are not to go directly to classrooms for this purpose.

#### **Trespassing**

Refusal to register through the principal's office or to identify one's self to school authorities may constitute trespassing and constitute grounds for prosecution.

### **HEAD LICE INFESTATION**

The procedures below shall be followed in instances where head lice are present:

1. If head lice infestation is discovered, the infested student(s) will be sent home for treatment.
2. The student(s) determined to have head lice will be ineligible to attend school until all lice have been removed.
3. The parent/guardian of a student(s) sent home for treatment must bring the student(s) back to school for readmittance. Failure of the parent/guardian to bring the student back for readmittance after (3) consecutive school days will require the local school principal to report the matter to the Attendance Officer. Days accumulated after the third (3) day will be considered unexcused.
4. After a student has been readmitted following treatment, school personnel shall perform a follow up examination in seven days to determine if the infestation has been removed.
5. School personnel shall report any student(s) who continue to be infested with head lice to the Marion County Health Department, and/or Department of Human Resources, and the Juvenile Court for further action.

### **MEDICINES**

Because an insufficient number of trained medical personnel is employed by the School System that would be needed to monitor and to subsequently treat students who might suffer the adverse affects of their taking medications, the Board strongly discourages the dispensation of medicines to students by its employees during school hours.

Alternately, since most medications are currently available in longer-acting or in "time-release" forms, parents or guardians should administer medications to their child(ren) at home to the greatest extent possible.

However, when a student's attendance depends upon his/her taking medication during school hours, the Board hereby directs that it be dispensed to students who are in this predicament during the school day by appropriate school personnel, but be dispensed commensurately with procedures outlined in JGCA-R1: Guidelines for Administering Medications to Students in which is compliant to SDE & State Board of Nursing Curriculum.

## **Reporting Accidents**

Students should report all school-related accidents in which they are involved to school officials. Failure to report such accidents may result in loss of privilege to make claims on the student accident insurance program.

## **Student Promotion / Retention**

In grades 1-2 the student must pass Math and Language with a minimum yearly average of 65. Students in grades 1-2 must have a minimum yearly average of 75 in Reading.

If the course work is retaken in summer school, pass/fail shall be determined by the summer school grade only, i.e. no averaging of summer grades with regular academic year grades. (see summer school policy filed IDCA and JFH)

## **Grades 1 - 6 will follow these guidelines:**

- (1) Summer school can only be used for promotion or remediation. No student can attend for enrichment purposes.

## COUNSELING AND GUIDANCE SERVICES

Counseling and guidance in the Marion County Schools is a part of the total school program. Student development is a major goal of the guidance program. Guidance shares, with the total education effort, the goal of helping each individual develop his/her own best self-realization within the values of our society. The central activity in the guidance program is counseling. Through counseling, students get assistance in dealing with their own unique situation. The focus is upon understanding the individual as thoroughly as possible - his/her abilities, motivations, and relationships to others (in his/her home, in school, among peers), and his/her own concept of self. Following a self-understanding, the school counselor's role is to assist students in developing commensurate with their interest and ability as far as he/she can educationally. All school personnel have a duty and responsibility to help students acquire knowledge, skills, and attitudes that will provide for full development of their educational, personal/social, and career/vocational potential. The school counselor helps students and their parents with individual planning for that "next-step" in learning how to learn, learning how to earn a living, and learning how to live in today's competitive global market place.

## HOMEWORK

Students will be provided opportunities to enhance and expand their understanding of skills and concepts through appropriate homework assignments. Such assignments should logically relate to classroom activities. Homework may be assigned to individual students within a class and/or to the entire class based on teacher judgment.

### Student Responsibilities

Student will be expected to assume the following responsibilities when homework is assigned:

1. Complete the assignment in the specified time periods.
2. Return the assignment on time.

### **DRESS CODE**

The Board and administration recognizes the importance of personal rights and privileges of each individual student in the school system. However, the Board equally recognizes that individual rights stop where the rights of the group (the school) begin and no student has the right to dress or appear in such a manner that becomes disruptive to the teaching learning process.

The Board strongly believes it is the responsibility of students and parents or guardians to use reason, good judgement, and common decency in the choice of dress and physical grooming in the school setting.

Therefore, the following dress and appearance standards are applicable in all schools of the School System. Local school personnel are expected to enforce the standards with firmness and fairness in an effort to foster the orderly operation of the schools. The standards are as follows:

1. Hats, caps, sweat bands, bandannas, visors, and sunglasses must be removed and placed in the locker or designated area and remain during the school day unless it is a special dress-up day.
2. Hair must be clean and well groomed, and should not impair vision. Boys' hair must not touch the collar of a T-shirt (rounded, crew-neck, when measured at full length i.e., loose or unpinned). Male students with facial hair must keep it neat and well groomed. No hairstyle, hair color, body piercing, clothing, or other article which is disruptive to the learning environment or which identifies a student as being a member of a gang or any subversive or unlawful organization will be allowed.
3. Ear jewelry may be worn by females only. (Band-Aids may not be worn to conceal an earring. Nose jewelry is not to be worn by boys or girls while they are in school. Jewelry (studs, pins, etc.) may not be worn in any visible pierced areas of the body, including, but not limited to, the tongue and eyebrow.

## **INTERNET ACCEPTABLE USE POLICY**

Marion County Schools will be offering access to the Internet. To gain access, each student must obtain parental permission as verified by the signatures on the attached form.

### **What is the Internet?**

The Internet is a global network made up of many smaller contributing networks connecting thousands of computers throughout the world and millions of individual subscribers. Internet access is coordinated through a complex association of government agencies and regional and state networks. While there is an abundance of valuable information, with this access comes the availability of material that may not be considered to be of educational value in the context of the school setting.

### **What is possible?**

Through the Internet, students can explore thousands of libraries, databases, museums, and other resources. They can exchange personal communication with other users around the world. While the use of the Internet is primarily instructional in nature to reach an educational goal, some students may find ways to access other materials. Unfortunately, some of these resources contain items that are illegal, defamatory, inaccurate, or potentially offensive. Most educators believe the benefits to students from access to the Internet exceed the disadvantages. Parents and guardians of minors are responsible for setting and conveying the standards their children should follow when using these resources. Therefore, we respect each family's right to decide whether or not to apply for access.

### **How should it be used?**

The Internet should be used for research and education through the provision of unique resources and opportunities for collaboration among students, teachers, and administrators. Use of the Internet must be in support of this and consistent with the educational objectives of the school.

### **What is expected?**

Students are responsible for appropriate behavior while using the Internet. Additionally, students are responsible for their actions while using the equipment and the resources. Use is a privilege, not a right, and may be revoked if abused. Vandalism of equipment or programs will result in punishment as defined in the school conduct policy.

### **What are the privileges and rights of a user?**

All users have certain privileges and rights. Infringement of or disrespect to the rights of others may result in the loss of Internet privileges. These rights include:

Privacy - All users have the right to privacy. However, if a user is believed to be in violation of the guidelines, a system administrator may review communications to maintain system integrity and to insure that students are using the system responsibly.

Safety - Any user who receives threatening or unwelcome communications should bring them to the attention of a system administrator or teacher.

Intellectual Freedom - Any statement of personal belief is implicitly understood to be representative of the author's individual point of view and not that of the school.

Inappropriate materials or language - No profane, abusive, or impolite language should be used to communicate nor should materials be accessed which are not in line with the rules of school behavior.

Equal Access - All users will be granted free and equal access to the Internet. Exploration of the Internet is encouraged relative to the purposes of research and education. No single user should monopolize the workstations connected to the Internet.

### **What are the guidelines?**

1. Be prepared to be held accountable for your actions. Exemplary behavior is expected from all users at all times.
2. Do notify an adult immediately if you encounter materials that violate the school code of conduct.
3. Do not use a computer or the Internet to hurt, harass, attack or harm other people or their work.
4. Do not damage the computer or network in any way.
5. Do not degrade the performance of the network through the posting of electronic chain letters or other useless information.
6. Do not use the Internet for illegal activities, i.e. threats, instructions on how to perform an illegal act, child pornography, drug dealing, purchase of alcohol, gang chain letters or other useless information.
7. Do not install software or download unauthorized files, games, programs, or other electronic media.
8. Do not violate copyright laws.
9. Do not view, send, or display obscene, profane, lewd, vulgar, rude, disrespectful, threatening, or inflammatory language, messages or pictures.
10. Do not share your password with another person.
11. Do not reveal the personal address or phone number of you or anyone else.
12. Do not access other student's work, folders, or files.
13. Do not re-post non-academic personal communications without the original author's prior consent.

### **Disciplinary Actions**
