

For traditional students who are working remotely (due to absence from school), your teachers will post assignments and lessons via the Schoology platform.

Full-time virtual students will use the Edmentum platform for instruction.

1. Go to [www.google.com](http://www.google.com) and sign-in to your district issued Google account.
  - a. This is the same information that students use to login to the school chromebooks when on campus. If you a student does not know his/her login information, please contact [virtual@mcbe-k12.net](mailto:virtual@mcbe-k12.net).
  - b. See this video for instructions on how to login to Google: <https://www.youtube.com/watch?v=E40UEoa19As>.
  
2. After logging into Google, go to [marionco.schoology.com](http://marionco.schoology.com) and click on the student's Google account to move forward.
  
3. After selecting the student's district issued Google account, you have gained access to Schoology. You can click into each individual course to see assignments posted by teachers.

Click [HERE](#) for help with using the Schoology platform.
